ACADEMY INTENTIONS

Since 1995, Mike Giardi has put together the Academy to give young ball players the opportunity to fine tune their skills under the guidance of professional and collegiate players and coaches. The players will learn how to improve their game through drill work that the staff has used throughout their playing and coaching careers. The Academy will feature different teaching tools including:

Tee Work
Soft Toss Drills
Bunting Drills
Batting Cage Work
Sliding Drills on our Sliding Mat
Video Work with our Digital Camera

There will also be base-running work (players will be timed) and individual defensive work by position, including pitching work with the Radar gun.

All of these drills are designed to help improve a young player's game while having fun.
